- Analyzes mechanical and operational problems on assigned equipment and tests equipment to verify functionality
- Makes necessary corrections and running adjustments to maintain maximum quality production
- Reviews production schedule and when equipment is not scheduled for manufacturing, changes over equipment to new sizes or performs scheduled maintenance
- Clears jams and sets aside product for inspection/rework
- Develop and promote positive working relationships with Operations, QA, and all others
- Examines, tests, and measures product from assigned equipment for quality specifications
- Makes preventive maintenance check and inspection of assigned equipment, reports findings to supervisor and takes appropriate action
- Analyzes and documents cause of production delays on daily production report
- Notifies maintenance department or supervisor of recurring equipment malfunctions and corrective action taken, and of quality problems or supplies needed.
- Contribute to a positive, safe and clean work environment by taking initiative and being an example
- All other duties as assigned

PHYSICAL REQUIREMENTS:

- Climbing occasionally
- Stooping occasionally
- Crouching occasionally
- Standing for 8 or more hours per day
- Talking
- Hearing
- Walking frequently
- Pushing frequently
- Pulling frequently
- Grasping frequently
- Repetitive motions frequently

- Lifting up to 100#

SAFETY EQUIPMENT:

Hard hat, earplugs, safety glasses, steel toed boots, hair nets, mesh glove, mesh apron, no cut gloves, harnesses

KNOWLEDGE, SKILLS, AND ABILITIES:

- Previous manufacturing maintenance experience preferred
- Organizational and time management skills
- Ability to present ideas, concepts, issues, concerns, and questions in a well thought out, positive, and professional manner
- Ability to foster an atmosphere of teamwork and respect
- Clear communication skills – verbally and in written form
- Ability to focus on the details of an issue
- Ability to take direction humbly and collaborate in order to define and pursue team goals
- A positive outlook and attitude in taking initiative and problem solving, unprompted
