

5-Axis CNC Machine Operator

Employer

Galaxy Technologies
1111 Industrial Road
Arkansas City, KS 67005

Job Details:

Status: Full Time

Position: 5-Axis CNC Machine Operator

Location: Winfield

Salary: \$28.00 to \$35.00 Hourly

Job Purpose:

Join Galaxy Technologies as a 5-Axis Machinist and unleash your potential in a dynamic and innovative environment. At Galaxy, we're proud to deliver high-quality products for our ever-changing customer base, and we're looking for skilled individuals like you to join our growing team.

Essential Functions include the following. Other duties may be assigned.

- **Precision Machining:** Operate advanced 5-Axis machines to produce high-tolerance aerospace components that meet our exacting standards.
- **Blueprint Interpretation:** Read and interpret blueprints to ensure precise hole placements, depths, and diameters, maintaining tight tolerances.
- **Quality Assurance:** Conduct thorough inspections during and after machining to ensure adherence to specifications, maintaining our commitment to excellence.
- **Efficiency and Multitasking:** Maximize productivity by running multiple machines when required, while maintaining attention to detail and organization.
- **Continuous Improvement:** Broaden your skill set by cross-training on various machines and processes, contributing to our team's overall effectiveness.
- **Safety Compliance:** Uphold safety protocols by wearing proper personal protective equipment (PPE) at all times, ensuring a safe working environment for all.
- **Team Collaboration:** Foster a collaborative and positive work environment by assisting and supporting colleagues as needed.

**Additional Responsibilities:**

- Track estimated versus actual hours spent on jobs to optimize workflow and efficiency.
- Willingness to work overtime when necessary, although overtime is not mandatory.
- Return all company tools to their designated locations after use to maintain organization and efficiency.

Qualifications and Requirements: To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

- High school diploma or equivalent, with a minimum of five years of CNC machining experience.
- Proficiency in basic math skills and the ability to interpret blueprints and set-up documents accurately.
- Working knowledge of G-Codes and the ability to edit programs as needed.
- Strong attention to detail and organizational skills.
- Ability to use hand and power tools, and operate computer software including Microsoft Office products.
- Experience with precision tools such as calipers, micrometers, bore gauges, dial indicators, and scales.
- Familiarity with hoist and forklift operation, and capability for large set-ups using cranes.

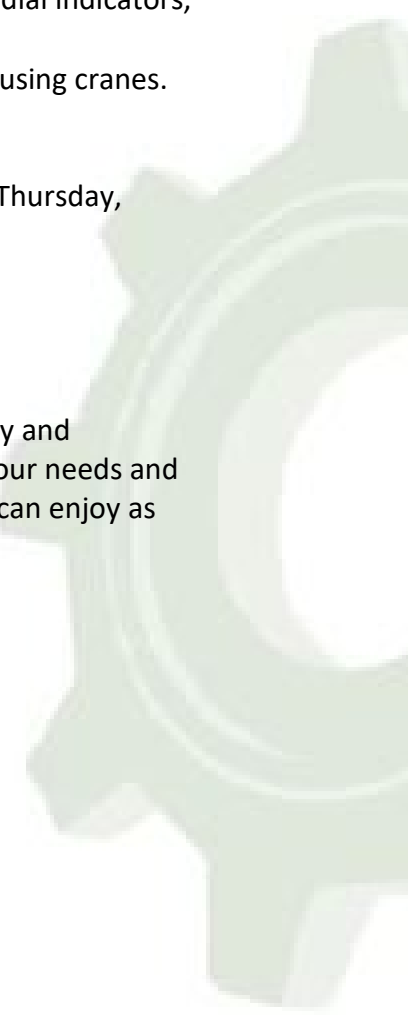

Schedule:

We currently offer two shifts: Monday to Friday, 7am to 3:30pm or Monday to Thursday, 3:30pm to 2:30am.

Second shift employees enjoy a 15% shift differential.

Benefits:

At Galaxy Technologies, we believe in supporting our employees both personally and professionally. We offer a comprehensive benefits package designed to meet your needs and help you thrive in and out of the workplace. Here are some of the benefits you can enjoy as part of our team:

- 401(k) with Matching
 - Dental, Health, and Vision Insurance
 - Flexible Schedule
 - Employee Assistance Program
 - Health Savings Account
 - Life Insurance
 - Paid Time Off
 - Professional Development Assistance
 - Referral Program
 - Retirement Plan
-
