**Dayspring Community Services**

A division of Preferred Family Healthcare

## **Therapist**

### **Employer**

Preferred Family Healthcare  
2720 E 12<sup>th</sup> Ave,  
Winfield, KS

### **Job Description**

**\$4000 hiring bonus (\$2000 after orientation, \$1000 at 90 days and \$1000 at 6 months)**

**We're a Good Family to Know:** Preferred Family Healthcare (PFH) is a community-based healthcare organization that offers a full array of integrated services, serving more than 100,000 individuals each year in nearly 100 locations throughout Missouri, Oklahoma, Kansas and Illinois.

Our greatest reward has been the opportunity to serve families and communities in need for the past 40 years. At PFH, our future is brighter than ever! With changes in leadership, focused priorities and strong core values, PFH remains a "Good Family to Know!"

#### **Your role at PFH:**

As a Therapist, you are responsible for providing professional behavioral health clinical services to clients. You will:

- Provide all services and functions within the ethical standards of their profession and within Code of Conduct.
- Provide professional clinical services to clients including assessment, referral, treatment planning, counseling, crisis intervention, discharge planning, and follow-up care in the office and in community settings.
- Collaborates with the treatment team to ensure proper coordination and delivery of prescribed interventions and objectives as presented in treatment plan.
- Ensure client receives individualized and age appropriate therapeutic interventions for individual, group, family and case management services as prescribed in the treatment plan.
- Complete all clinical and administrative documentation in a timely and ethical manner and in accordance with policies.
- Attend and actively participate in professional staffing session with the Clinical Supervisor. Be available for individual supervision as required by the Clinical Supervisor or leadership team.
- Participate as and after-hours "on-call" clinician to conduct crisis intervention.

#### **We think you'd be great for this role if you have:**

- Graduate degrees in Psychology, Social work, Counseling, Marriage and Family, or a Nursing degree with one year of supervised behavioral health/experience is required.
- Must be licensed or candidate for licensure within their professions by their respective Oklahoma State Boards.
