S and Y caters to a wide range of industries from manufacturing and production to medical equipment, aerospace, telecommunications, industrial, transportation, commercial and monitoring devices.

Job Description

S and Y Industries, Inc. is now seeking an Engineering Technician at our manufacturing and engineering facilities in Winfield, Kansas. The selected candidate will be a self-starter, quick learner, motivated and positive, dedicated team player, who we can train to perform electrical, optical and physical calibrations, while interacting with different customers on many different levels. This position will work closely with the Quality and Production departments to ensure quality.

Hours: Monday – Friday 8am-5pm

Responsibilities:

- Operating test fixtures.
- Soldering electronic components.
- Understanding power supplies and multi-meters.
- Reading schematics is a plus
- Troubleshooting electronic assemblies is a plus.
- Calibrate a wide range of test equipment.
- Assist manager/supervisor with related tasks.
- Perform detailed calculations to establish standards and specifications

- Use computer-assisted engineering software to perform
- Keep current with the latest technical innovations in electrical engineering

Requirements:

- US Citizen
- AA, technical school, or equivalent work experience
- Strong understanding of electrical manufacturing test equipment
- Able to problem solve and troubleshoot as the need arises
- Strong verbal and written communication skills
- Able to work in fast-paced, self-directed environment, independently and as a part of a team.
- Military service - preferred

What we have to offer:

Salary range is determined by experience/background. We also offer a comprehensive benefits package, including: medical, dental, vision, life insurance, 401(k), tuition assistance, paid holidays and PTO.

About:

S and Y Industries, Inc. is an electronics solutions company providing comprehensive electronic design, production and product management services. We help bring electronic products to the market faster and more cost effective by providing complete electronic product supply chain management. S and Y offers complete turnkey solutions from engineering to systems integration and order fulfillment. S and Y provides individualized, focused solutions to customers in a broad range of industries. Total customer satisfaction is provided through teamwork, defect free product delivery, continuous product improvement, and with just-in-time manufacturing.

S and Y will only employ those who are legally authorized to work. Any offer of employment is contingent on the successful completion of a background investigation.

TO APPLY:

Candidates may apply by filling out application at our facility:
