## Western Industries Plastic Products LLC

### Production Support - 2nd Shift

#### Employer

Western Industries Plastic Products LLC  
22829 Smyer Rd,  
Winfield, KS 67156  
620-221-9464

#### Job Description

**Job Location:** Winfield

#### **Summary /Objective**

This position works closely with other departments and follows production work order instructions to identify and provide the necessary raw materials to the production floor in a timely manner. They are also responsible for the verification of product count, packaging, and labeling to meet customer specifications and removal of the finished product from the production floor in a safe manner. The associate must be safety, quality, and waste-conscious while performing all functions of the position.

#### **Essential Function**

Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions. Job scope includes:

- Operation of a forklift in a safe manner
- Look up product requirements and customer specifications using a computer
- Delivers supplies and fixtures to machine cells in a timely manner
- Provides matching racks to the production floor as required for the finished product
- Maintains proper levels of active items and fixtures stored in the warehouse
- Removes finished product from the production machine cells to the warehouse for storage or staged to be loaded for internal transport as required
- Clears the machine cells at the end of a production run to prepare the cell for set up of the next production run
- Ensure that all product is clearly labeled and stored in a manner that prevents damage
- Wraps products that require machine wrapping, per customer specifications
- Ensure that the pallet pad stays organized and accessible and items are stored neatly, and safety
- Communicates with truck support on required trailers and their movement

## **Competencies**

- Strong analytical skills and systematic approach to problem-solving
- Ability to read, write and perform basic mathematical calculations
- Capable of working in a fast-paced environment while multitasking
- Able to follow written and verbal instructions
- Knowledge of workplace safety procedures
- Understanding of Warehouse processes
- Ability to work well as a team and independently with little supervision

## **Qualifications**

### **Required Education and Experience**

- High School Diploma is preferred
- 2 years or more of previous manufacturing experience is preferred
- Must have a minimum of 1 year of forklift experience

### **Additional Education**

- Ability to be forklift certified

### **Work Authorization/ Security Clearance**

- Must be legally authorized to work in the United States.

## **EEO Statement**
