Western Industries Plastic Products LLC

Blow Mold Process Technician

Employer

Western Industries Plastic Products LLC
22829 Smyer Rd,
Winfield, KS 67156
620-221-9464

Job Description

Job Location: Winfield
Position Type: Full-Time
Salary: \$22.00

Summary /Objective

The Welder Fabricator is to contribute to the daily production operations efficiently and effectively by utilizing welding expertise to fabricate precise metal structures and components, interpret blueprints accurately, maintain welding equipment, ensure rigorous quality standards, and collaborate seamlessly with the production team, thereby upholding the company's commitment to excellence and contributing to its ongoing success.

Essential Function

- Reasonable accommodations may be made to enable individuals with disabilities to perform essential functions. Job scope includes:
- Read blueprints and drawings and take or read measurements to plan layout and procedures
- Determine the appropriate welding equipment or method based on requirements
- Operate a drill press, lathe, and end mill to notch, drill or machine down parts
- Set up components for welding according to specifications (e.g. cut material with powered saws to match measurements)
- Operate angle grinders to prepare the parts that must be welded
- Align components using calipers, rulers etc. and clamp pieces
- Weld components using manual or semi-automatic welding equipment in various positions (vertical, horizontal or overhead)

- 
- Repair machinery and other components by welding pieces and filling gaps
 - Test and inspect welded surfaces and structure to discover flaws
 - Maintain equipment in a condition that does not compromise safety
 - Possess a positive attitude and team mindset
 - Weld tooling on rotary table
 - Reasonable and reliable attendance
 - All other duties as assigned

Competencies

- Proven experience as welder/fabricator
- Experience using a variety of welding equipment and procedures (TIG, MMA etc.)
- Experience in using electrical or manual tools (saws, squares, calipers etc.)
- Ability to read and interpret technical documents and engineering drawings.
- Knowledge of relative safety standards and willingness to use protective clothing (face-shield, gloves etc.)
- Deftness and attention to detail
- Proficient in English
- Professional Certification (e.g. an AWS welding certificate) will be a plus

Qualifications

Required Education and Experience

- 3 or more years of Industrial manufacturing experience preferred
- Knowledge of Plastic Blow mold equipment is preferred
- Strong Electrical knowledge is preferred
- 1 or more years' experience in various welding techniques
- Additional Education and Experience
- Forklift Certified
- CPR Certified
- Ability to be certified on other Industrial equipment as required

Work Authorization/ Security Clearance

- Must be legally authorized to work in the United States.

EEO Statement
