## **Safety Coordinator**

### **Employer**

Western Industries Plastic Products LLC  
22829 Smyer Rd,  
Winfield, KS 67156  
620-221-9464

### **Job Description**

**Job Location:** Winfield

**Position Type:** Full Time

#### **Description**

The Production Associate will be responsible for producing quality products from the blow mold machine. This position is responsible for using hand tools to precisely trim products, perform quality checks, and package conforming parts/products, as instructed by superiors.

#### **Essential Functions:**

Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions. Job scope includes:

- Following work instructions as directed to complete quality parts or products
- Receive molded parts from extractor, guiding them to the trim table and ensuring that no plastic remains on the extractor, as it returns to the press
- Place flash from the trim table to conveyor, minimizing potential contamination to the grinder and avoiding situations that may plug the grinder
- Box or pallet parts/products while labeling with count and other required information
- Clean work areas as needed between parts and/or when machine is down
- Complete assigned re-work
- Maintain quality standards
- Regular and reliable attendance
- All other duties as assigned

#### **Competencies:**

- Able to trim parts/products as directed by work instructions
- Perform quality checks to meet company standards
- Identify non-conforming parts/products and notifying supervisor as required

- Able to adhere to workplace polices

**Qualifications:***Required Experience:*

- 6 months experience in production/manufacturing, preferred
- 6 months experience performing physically demanding work, required

**Work Environment**

This job will be performed in a production setting that does experience extreme heat and moderate to loud noise levels. This position will routinely work on the production floor around industrial equipment including: motors, motor control centers, water coolers, air compressors, grinders, CNC machines and other hand tools. The production equipment may have exposure to hazardous materials.

**Physical Demands**

Standing, walking, bending, stooping for long periods of time, grip/grasping, twisting, reaching above head, climbing stairs, lifting and carrying 0-80 pounds, use of hand tools and/or power tools, and other industrial equipment; Able to work in a manufacturing environment with extreme heat up to 120 degrees; Wear necessary Personal Protective Equipment (PPE)

**Position Type/Expected Hours of Work**

This is a full time hourly position that has various schedules to meet production demands. Assigned schedules will be either 8 – 12 hour shifts as listed below.

- Eight (8) hour shifts are scheduled Monday – Friday, 8 am – 4 pm, 4pm -12 am, or 12 am to 8 am
- Twelve hour shifts are scheduled on a 3-2-2-3 rotation working, 6 am – 6 pm or 6 pm - 6 am.
- Overtimes are worked up to 25% of the year that be voluntary or mandatory. The production department may be required to work holidays and weekend's

**Work Authorization/ Security Clearance**

Must be legally authorized to work in the United States.

**About the Company:** Western Industries has been the go-to name in large part blow molding for over 30 years. Western Industries has an extensive impressive fleet of 15-to-75-pound head machines and over 30 blow mold heads. Together their team has over 140+ years of combined engineering experience. They can service even the most complex requests in the 1-45 lb. part range.
