FOR IMMEDIATE RELEASE
March 9, 2022

Health Department Part of COVID-19 Community Survey

The City-Cowley County Health Department is partnering with the KU School of Medicine-Wichita and other regional local health departments to conduct a short, online survey about COVID-19 vaccines and testing.

Cowley County residents participated in a similar survey in 2020. This follow-up survey will help your Health Department gauge the community's views regarding COVID-19 vaccines and testing. The information gathered will be used to help the Health Department prepare for future pandemic response activities as needed.

The online survey will only take five to ten minutes to complete, and your participation is anonymous. The link to the survey will be included on this press release as well as posted publicly on the Health Department's website and social media pages. The survey will be open for participation until March 18, 2022.
